NCR SelfServ™ 22

INTERIOR FREESTANDING CASH DISPENSER

MORE THAN JUST A CASH DISPENSER

Capable of handling any quantity of cash dispense transactions, the SelfServ 22 also provides a broad range of other services like bill payment, funds transfer, mobile phone top-up, couponing and vouchers. Designed to attract your customers and make their transactions as easy as possible to complete, the SelfServ 22 will powerfully represent your brand and offer transactions to your customers in any indoor location.

Proactively fixes itself

Keep your ATMs up and running, offering your customers the transactions they want, when and where they need them. NCR's express recovery and self-healing technologies reduce downtime from hours to minutes—making your ATMs available around the clock.

Keeps you informed

Successful network management is about having the right information at your fingertips. NCR SelfServ ATMs provide data in real-time on configurations, software versions and the activity levels of each module. So you can see, understand and control your entire network—and make more empowered decisions.

Inspire trust in your ATM network

The SelfServ 22 is designed to defend against known and unknown fraud attacks, even before they start. Ask us about our multi-layered approach to ATM security including logical and physical solutions. For example, Solidcore Suite for APTRA™ protects against the execution of unauthorized code on your ATM network and our Skimming Protection Solution protects cardholder data from card skimming attacks.
